Gassmann GmbH, 2026

This offer is not binding. Subject to error and prior sale.

¹The indicated values were determined according to the prescribed measuring procedure. These are the "NEDC CO₂ values" i.S.v. Art. 2 No. 1 Implementing Regulation (EU) 2017/1153. The fuel consumption values were calculated on the basis of these values. Electricity consumption was determined on the basis of Regulation 692/2008 / EC. "

²The indicated values were determined according to the prescribed measuring procedure. These are "WLTP CO₂ values" i.S.v. Art. 2 No. 3 Implementing Regulation (EU) 2017/1153. The fuel consumption values were calculated on the basis of these values. Electricity consumption was determined on the basis of Regulation 692/2008 / EC.

³**Description of CO₂ and fuel consumption data:** The data do not refer to an individual vehicle and are not part of the offer, but serve solely for comparison purposes between different vehicle types. The values vary depending on the optional equipment selected.

Reference to the DAT guide: Further information on the official fuel consumption and official specific CO₂ emissions of new passenger cars can be found in the "Guide to Fuel Consumption, CO₂ Emissions and Electricity Consumption of New Passenger Cars", which is available free of charge at all sales outlets and from Deutsche Automobil Treuhand GmbH (<https://www.dat.de/co2>).
